

# NOISE SCAVENGER HUNT

Find as many of the following noises as you can. Write down where you found, or how you made the noises.

A rattle

An unusual sound made with your body!

Something that 'snaps' when you open or close it

A noise you can make by blowing on something

Three different sounds from one object

A ding

A humming noise

The loudest noise you can make with one sheet of A4 scrap paper

Someone saying the word, 'there' without you asking them to

An echo (even if it is only slightly there!)

A very high note

A very low note

Shoes that go 'clip clop'

A noise that can be made the same loudly and quietly

Something that makes hardly any sound when you drop it on the floor

A noise made by hitting or touching something once, that lasts more than a second
